

VTN GARMENTS

Quality Clothing Since 1993

PROFILE

Manufacture & Exporters of Knitted Garments

ABOUT US:

VTN GARMENTS is a well-established Manufacture & Exporter of different type of knitted garments for Adults and Kids, Women's and Men's wear since 1993. Our Company is located at Tirupur, in India. A place that has for centuries been perceived as the land renowned for its knitwear business, moreover it is located close to the airport and all major south Indian sea ports which make our transportations easier.

TEAM:

Mr.N.Jayakumar , Managing Director and founder of the Company started the business in early 1993. He is being Born and brought up from the textile manufacturing Background family Jayakumar inherited all the business Knowledge from his father and partnered with young budding Minds and 30 years from then, now the Company has grown and feeding the global market Up to 1, 00,000 pcs/per month. Our business is now involved by second and third generation technical team Co-equipped with the skilled manpower guided by the MD.

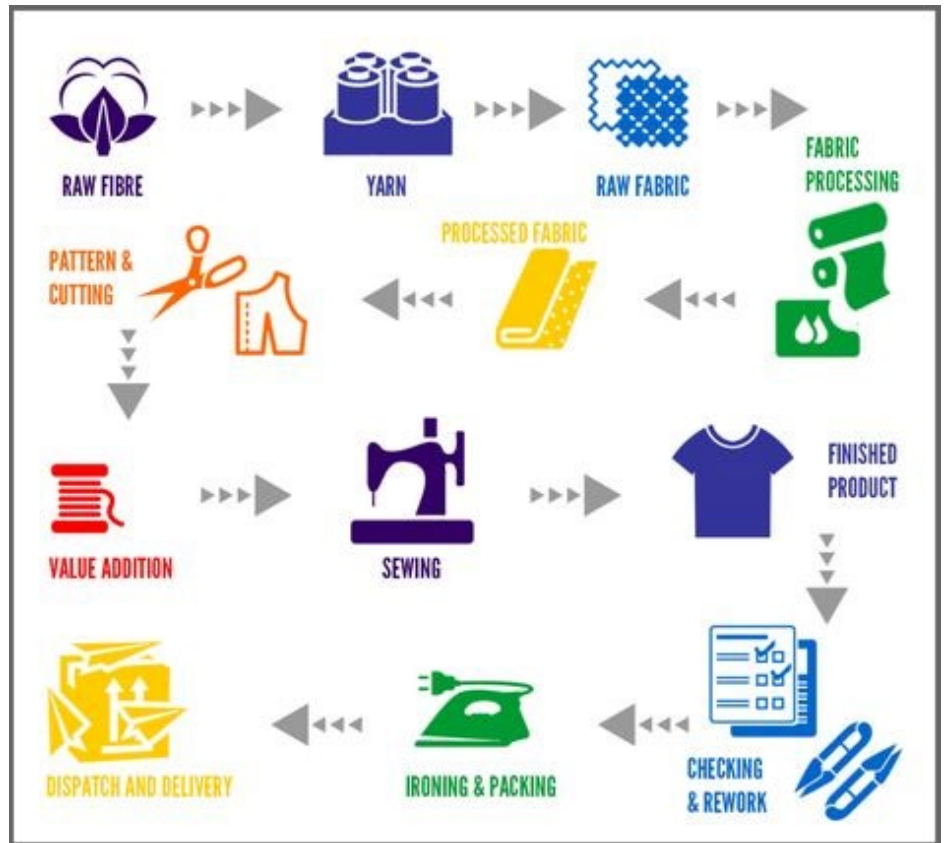

OUR PRODUCTS:

Our products are for everyone, we do all sort of Knitted garments from Infants to Men's and Women's, and we are specialized in Fashion wear.

OUR PROCESS:

Starting from choosing the right yarn to till the garments gets dispatched we take care of the quality in each process. We make sure each process is pre-planned as per the customer's requirement and delivery timeline. We always ensure proper communication is done with the customer to understand the specific need and will update the

status of each process in a timely manner. This ensures transparency for the customer to know the exact status of the purchase order.

For any given product we need the minimum order quantity starting from 500 and can go up to 50,000 pcs per style and optimal delivery time for any normal order will take 60-90 days to complete from the day of placing order and it varies based on the style and quantity.

QUALITY:

In VTN Garments, quality assurance has been integrated with internationally recognized systems. This ensures greater customer acceptance and satisfaction, when it comes to product range, style and distribution network. We also have associated companies in dyeing, printing & embroidery. We have also developed our own quality checking systems to ensure 100% perfection unto the last thread. For all the current client orders Testing has been done in the Fabric Form and the finished garment by the world-renowned testing agencies and the Final Random Inspection will be offered to the Buyer recommended agency.

FACILITIES & CAPACITIES:

We have over 150 newly imported “JUKI” branded sewing machines from Singapore installed across our widespread factory setup. Starting from yarn we source the best quality yarn from the market leading supplier and Knitted into Fine quality fabric by our associated Knitting Unit. Once the raw fabric is ready all the added work like Dyeing, Printing (AZO Free & Eco Friendly), Washing, Compacting, and Embroidery are done in-house by our associated partners. With the technical staff of 20+ years of textiles knowledge supported by 200+ skilled labors make us possible to produce 100,000 pcs per month capacity. Along with this our logistics team will ensure all the dispatch process is smooth all the time. Delivered on Time, Every time.

OUR ACCREDITATION :

VTN Garments the company established and running according to the Indian Labor and Factory laws has the care over the employees and the environment with the high level of ethical standards. Hence our factory is Certified by SEDEX & Disney FAMA also passed Walmart’s CT-PAT & FCCA (Factory Capacity & Capability Audit)
